The choirs welcome all non-singers, shower singers, park singers, car singers, air guitar singers and actual singers. The choirs do not have any religious affiliations but sing songs from the heart that engender goodwill, raise self-esteem and help you lose the blues. All of the choirs work with the same repertoire which means singers can interchange choirs. The repertoire includes gospel, 60's & 70's, uplifting songs, short classical pieces and songs that move your soul.
